Notes:

(1) Fire saftey law applies to you if anyone stays in your property as a paying guest.

(2) The risk assessment record of significant findings should refer to other plans, records or other documents as necessary.

(3) The information in this record should assist you to develop an emergency plan; co-ordinate measures with other 'responsible persons' in the building; and to inform and train staff and inform other relevant persons.
(4) We would advise you to test all smoke detectors regularly (ideally before every booking) and keep an independent record
